KALIPAY LAUNCHES ANTI-MEDICANCY PROGRAM

In a world where every child's potential should know no bounds, the launch of an anti-medicancy program designed specifically for children from low-income families marks a significant stride towards creating a more equitable society. This initiative seeks to break the cycle of dependency, provide opportunities for growth, and offer a brighter future for those who have faced economic hardship. As part of Kalipay's Community Outreach Services, the foundation held a Street-Based Program in cooperation with Bacolod City's Department of Social Services and Development (DSSD) on March 24, 2023 at the BAYS Center in Bacolod City.

The Kalipay team was composed of social workers, kids, and interns who provided school supplies, school bags, hygiene kits, and food for snacks to 52 children beneficiaries and their respective families to ensure that they have access to basic rights, such as education, healthcare, food, and water.

The pioneering Street-Based Program is Kalipay's commitment of extending its services to street children in partnership with the local government unit of Bacolod.

students.

Facilitated by Kalipay's Psychologist Lara Mangubat, the two interns, namely, Lara Mercedes Berdigay and Ailey Solange Morales, students of Bachelor of Science in Psychology, underwent a series of orientations about Kalipay's history and mission, and their expected tasks to ensure that their work will be in line with all the Kalipay staff.

Throughout their whole internship period, the student interns assisted the Kalipay's Case Management Team in handling the mental well being of the kids, such as assessing, scoring, and interpreting psychological tests, creating reports on data of the children, and initiating activities targeting specific traits for each age group of Kalipay beneficiaries.

In the month of April, the interns successfully completed their 100 hours of required clinical duty inside the Recovered Treasures Home. 🌱

Fire Prevention Month

To continuously fulfill Kalipay's mission of ensuring safety inside and outside Recovered Treasures Home, 15 children and five staff members visited the Bago City Fire Station Open House and Exhibit last March 17, 2023.

The delegation participated in the government's efforts to promote fire safety in communities, in line with Fire Prevention Month.

The BFP officials of Bago City taught the Kalipay kids important measures they need to take during fire emergencies so that they will be knowledgeable enough to save and protect lives when fire disasters happen. 🌱
